

Come Unto Christ

**He is the one who
healed His people**

**And he would make
their burdens light**

**He kept them safe
through wind and waves**

**And the battles they
would fight**

And gave them

Courage in the night

**Their story echoes
through the ages**

**A record saved for
you and me**

**That when the mists
of darkness rise**

**And the wars and
storms increase**

We'll know where

**We can turn for
peace**

**And from every
page**

**There's a message
that rings**

**To sinners and
saints**

**And to beggars and
kings**

To Come unto Christ

From darkness to light

**He is hope in the
journey**

**And peace
in the strife**

Come unto Christ

Through struggle and storm

**He is love that
changes everything**

**And grace to bring
us safely home**

Just like the young

And fearless warriors

**We'll come with
bold**

Unshaken faith

**Like those who put
their trust in God**

**Knowing he'd
prepare a way**

**We'll come
unwavering**

Unafraid

**We'll learn while in
our youth**

To serve Him

**We'll throw our
swords**

And sins away

**And we'll defend the
truth we love**

**like the saints in
every age**

**This sacred record
shows the way**
