When I stand

at the start of a journey

I don't know

what's ahead on the path

But I'll gather

my faith and my courage

And just give it

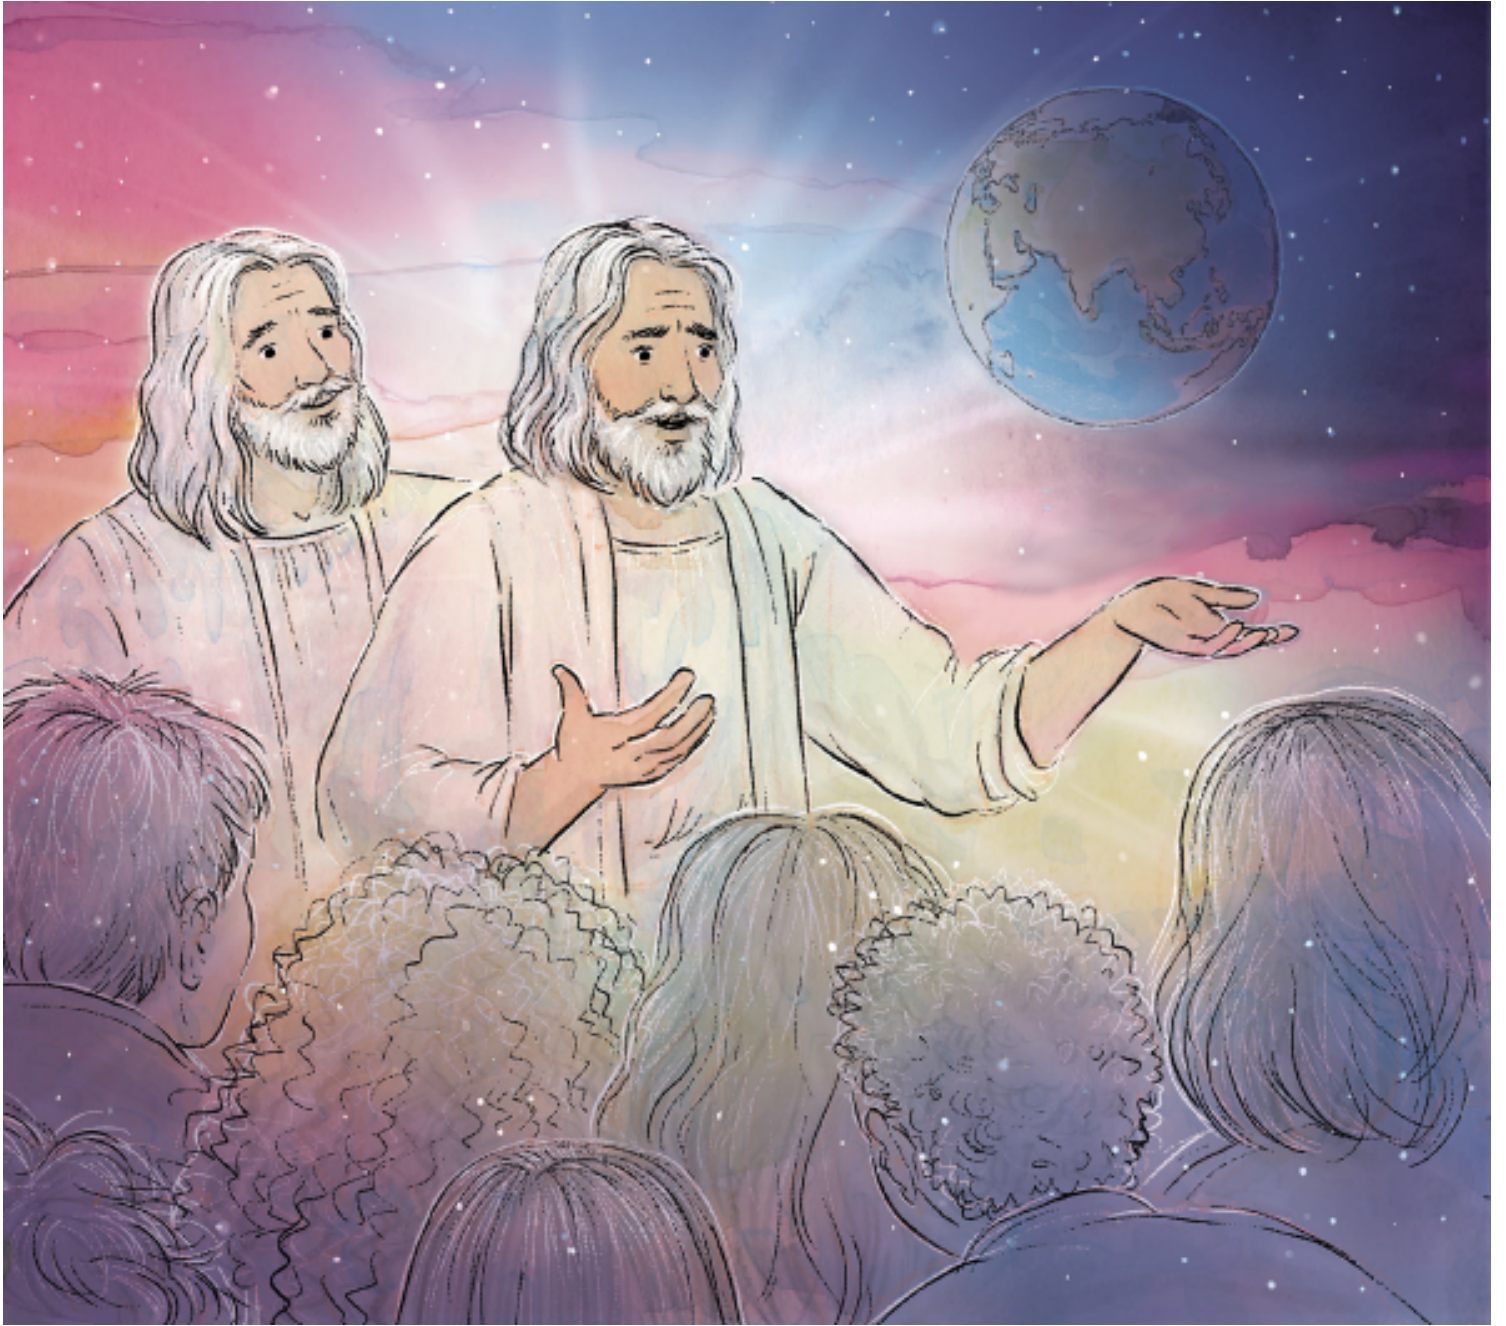

the best I have

**For whatever
happens**

wherever I go

His promise is sure

I know

**God will always
prepare a way**

To accomplish

His will each day

Give me courage

to go and do

The things He wants me to

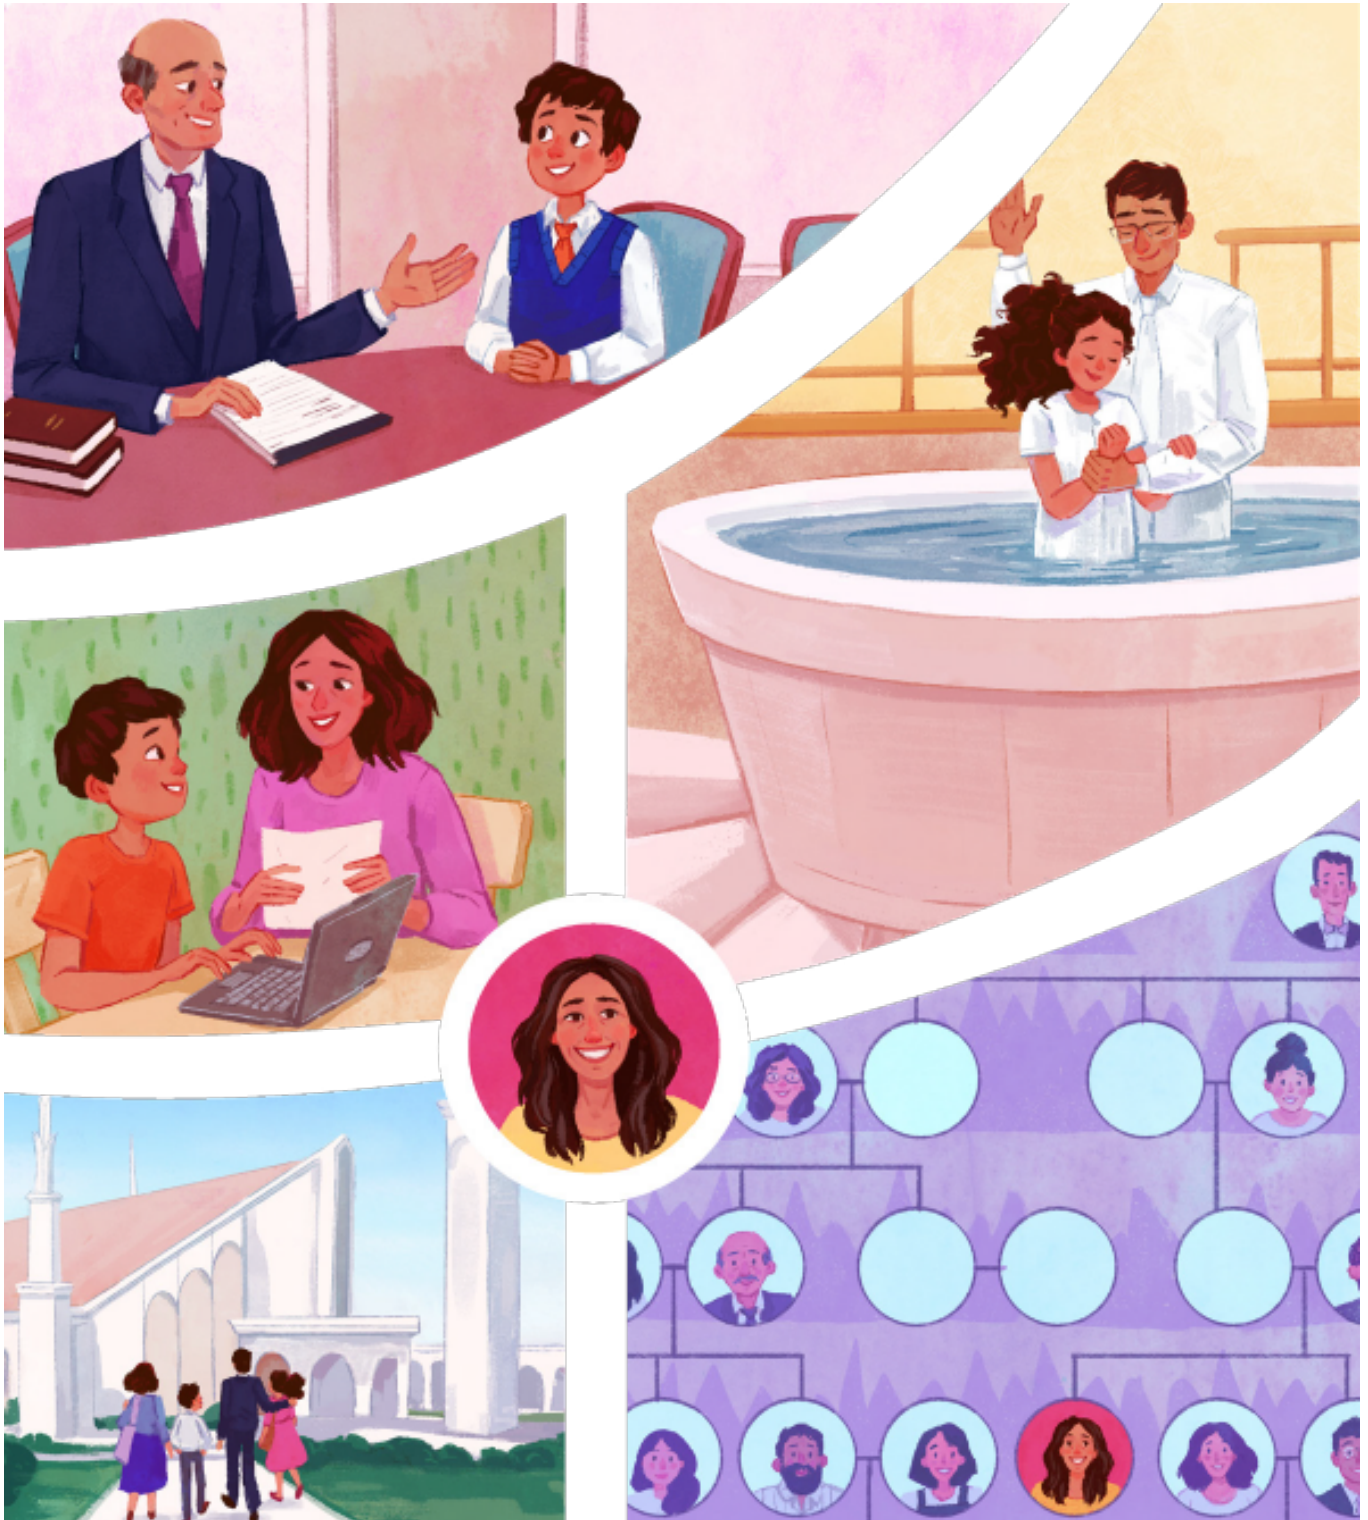

Climb a mountain

or cross the sea

Or just become

a better me

Whether easy

or nearly impossible

I'll rise up

and go with faith

For God will prepare a way

**I can be a good
friend**

to my neighbor

I can help

someone new to belong

Every effort I make

He makes greater

**For when He is with
me**

I'm strong

**And whatever
happens**

wherever I go

His promise is sure

I know

**God will always
prepare a way**

**To accomplish His
will each day**

**Give me courage to
go and do**

**The things He wants
me to**

Climb a mountain

or cross the sea

Or just become a

better me

Whether easy or nearly impossible

**I'll rise up and go
with faith**

For God will prepare a way
