

On that first Christmas day

A baby cried

**And his mother laid
him in a manger**

**As Heav'nly Father
gave his son**

To save the world

The angels rejoiced and sang

Born this day King of Kings

**He's come to set us
free**

**Born this day is the
Prince of Peace**

**He came here just
for me**

**How I wish I had
been there**

On that night

To rejoice with angels

And with shepherds

Oh to see the baby

In his Mother's arms

And know Heav'nly Father loves me

**Still I know Jesus
came here**

To the world

I know He came

**Because He loves
me so**

**And every day in
every way**

**I will stand with
faith and sing**

**Born this day is the
King of Kings**

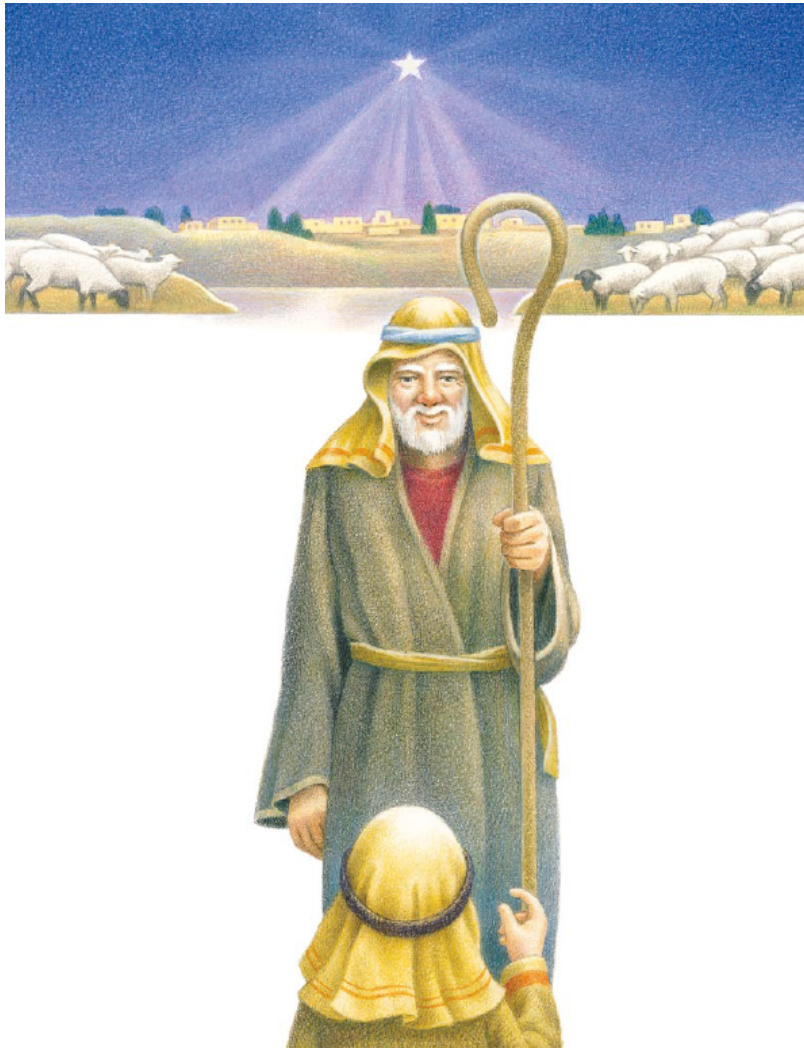

**He's come to set us
free**

Born this day is the Prince of Peace

**He came here just
for me**

Born this day is the King of Kings

**He's come to set us
free**

**Born this day is the
Prince of Peace**

**He came here just
for me**

He came here for you and me
