In the grand council

Before we came to earth
Christ was chosen
with the promise
Of His humble birth
His life was perfect

In showing us the way
We honor Him
We sing to Him
On this joyous day
He lives again!
He lives again!

My loving friend
He lives again!
Christ came to show us

The path that we should go
Suffered for our pains and sins

Our sorrows He does know
His life was perfect

In showing us the way
We honor Him
We sing to Him
On this joyous day
He lives again!
He lives again!
My loving friend
He lives again!
