

In the grand council

Before we came to earth

**Christ was chosen
with the promise**

Of His humble birth

His life was perfect

In showing us the way

**We honor Him
We sing to Him**

On this joyous day

**He lives again!
He lives again!**

**My loving friend
He lives again!**

Christ came to show us

The path that we should go

**Suffered for our
pains and sins**

**Our sorrows He does
know**

His life was perfect

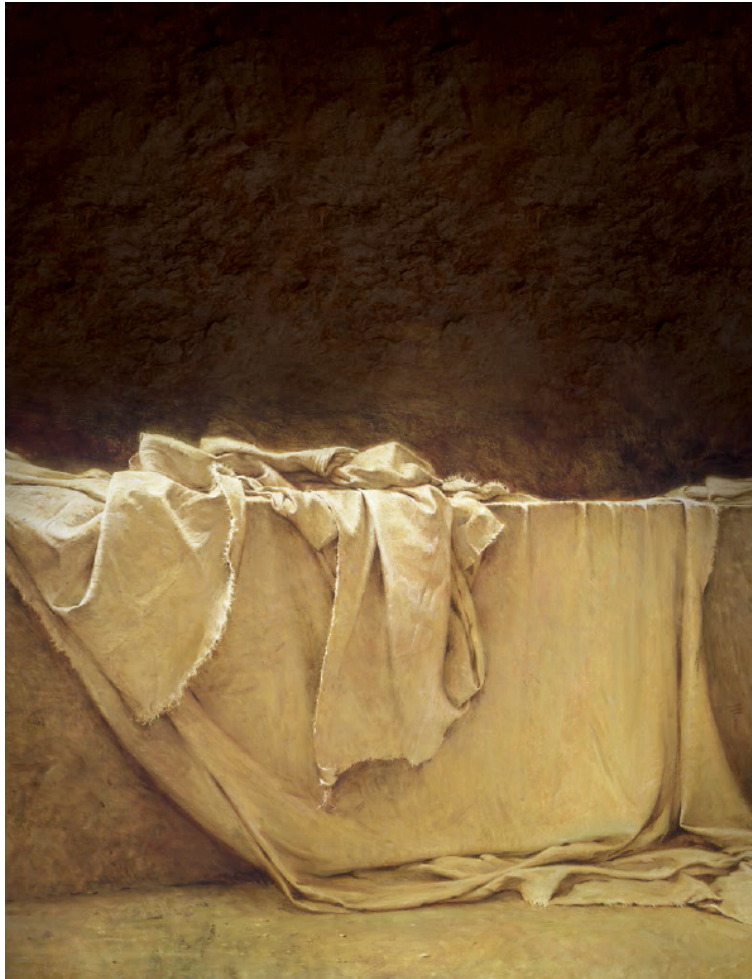

In showing us the way

**We honor Him
We sing to Him**

On this joyous day

**He lives again!
He lives again!**

**My loving friend
He lives again!**
