

Sunrise, full moon,

Colored leaves in autumn falling

I love the nature created for me

Mountains, sledding,

Softly falling snow flakes glist'ning

**Heavenly Father's
great beauty I see**

Cloud shapes floating

**In the sunlit
summer blue sky**

The tulips blossoming

And daisies nearby

My life is abundant

With His blessings and care

**I feel of His gifts of
love ev'rywhere**

Warm rain, crisp chills

Mountains high and rolling green hills

**I am admiring His
beautiful love**

Solace, quiet,

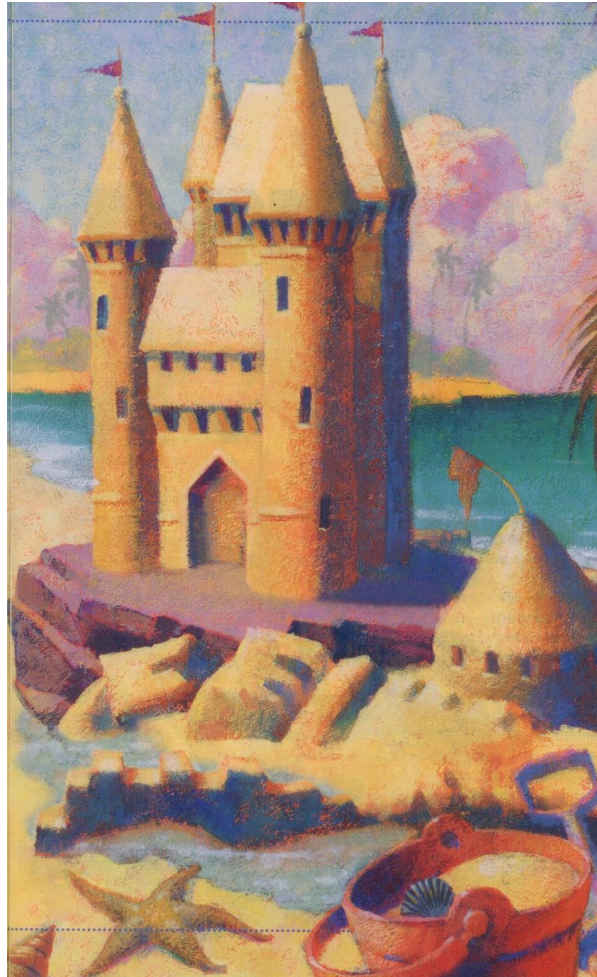

**Pondering in
fragrant meadows**

**I feel His pure love
from Heaven above**

Beach waves crashing

**Where the water
and the land meet**

**The sand has
thousands**

**Of grains touch my
feet**

My life is abundant

With His blessings and care

**I feel of His gifts of
love ev'rywhere**
