I know that Jesus loves me

I can see it in the sky
It shows in every white, white cloud
That dances for my eyes
I know that Jesus loves me
I can find it in the sound
Of the happy little waving leaves
That breezes whirl around
He loves me
He loves me
I know that Jesus loves me
I know that Jesus loves me

I can hear it every day
In all the kind and gentle words
My parents often say
I know that Jesus loves me

For I feel a burning start
When I kneel and say a prayer

The Spirit fills my heart
