

**I like to listen to the  
prophet**

**His words are good  
and true**

**When he speaks  
He always tell us**

**Good things that we  
can do**

**I see love shining  
like the Savior's**

**In his face for me  
and you**

**He cares for each one  
of God's children**

**I know he loves me  
too**

**He wants us all to  
live**

**So we can be with  
God once more**

**And if his counsels  
we'll obey**

**They'll open wide  
the door**

**I like to listen to the  
prophet**

**He's here to show  
the way**

**When he speaks I  
want to live**

**To be with the Lord  
someday**
