

I See a Hero

Shauna Edwards

Did you dream

You'd be a hero some day

Who would grow up

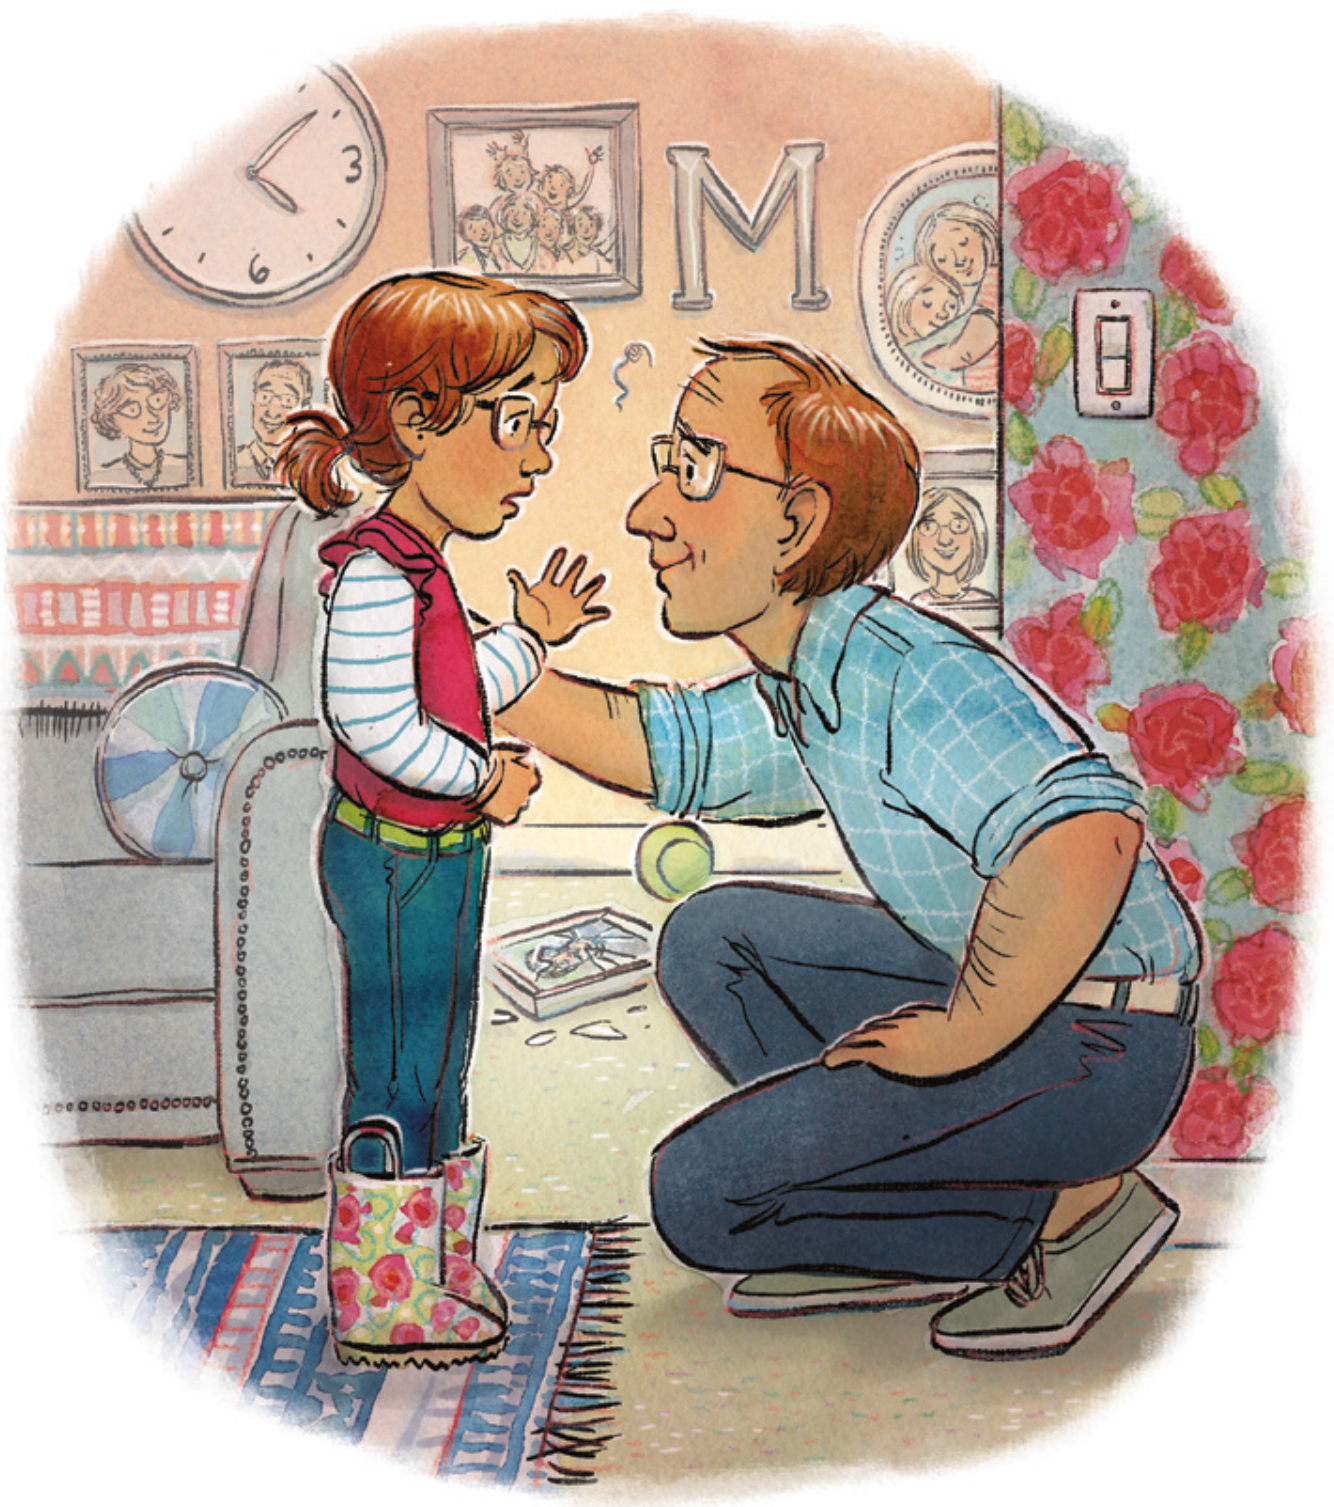

And change the world some way?

Well the world

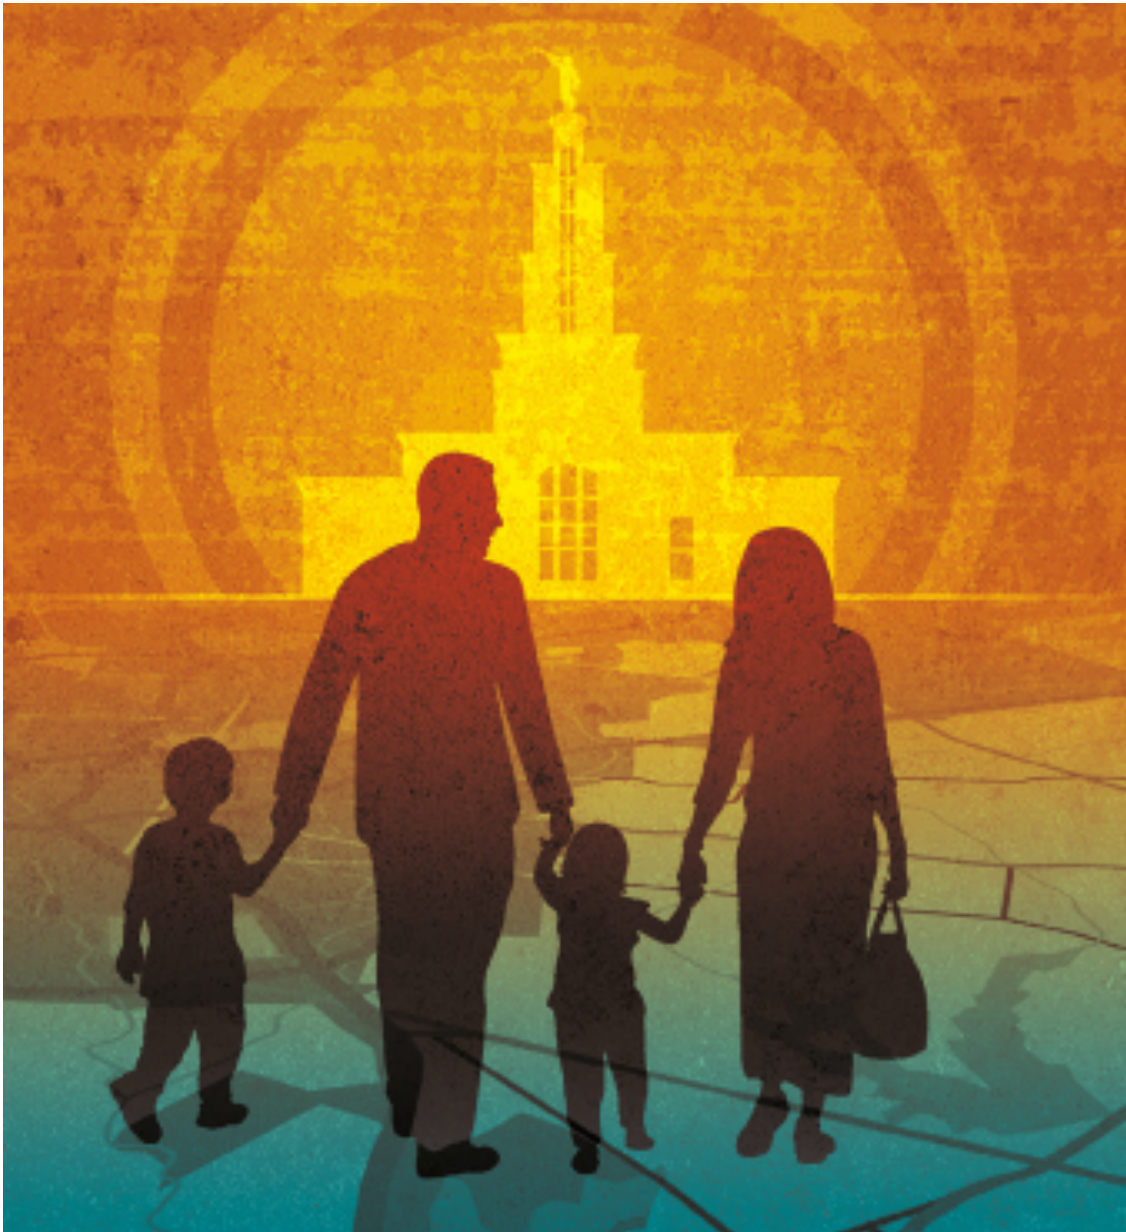

You've changed is mine

It's true

**And I wish you
could see**

Who I see in you

I see a hero

I see a light

Living by faith

Ev'ry day by my side

I see a hero

I see a star

Showing the way

Just by being who you are

**Best of all I see who
I hope to be**

**A hero like you are
to me**

**Ev'ry truth you
teach**

**The prayers that
you say**

**They will never be
lost**

Or fade away

**All the hours you
spend**

Just being my friend

**Are heroic and
brave**

In ev'ry way

I see a hero

I see a light

Living by faith

Ev'ry day by my side

I see a hero

I see a star

Showing the way

Just by being who you are

**Best of all I see who
I hope to be**

**A hero like you are
to me**

**Oh you are a hero
to me**
