

**At night when
darkness fills my room**

**I do not need to
fear**

**I think of Jesus' love
for me**

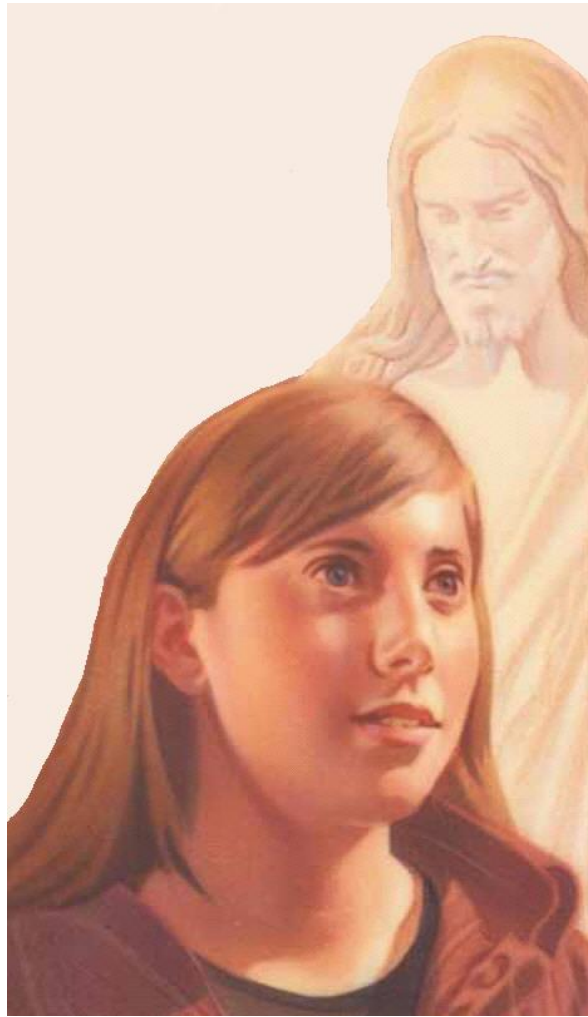

**And know that He is
near**

**When I am tempted
to do wrong**

**I seek the Savior's
light**

**And as I think of all
He's done**

**I want to do what's
right**

**For Jesus is my true
light**

**He protects me day
and night**

**He helps me choose
the right**

**I will follow in His
light**
