

**This little light of
mine**

**If I shine, shine,
shine**

Can fill the world with beauty

This little light of mine

Is the Light of Christ

It helps me know my duty

Our Savior Jesus Christ shared His holy light

**With those who
were despairing**

**And by His gentle
touch**

**Others felt His love
through simple acts
of caring**

**This little light of
mine**

**shining bright,
bright, bright**

Will teach the ways of Jesus

And as I share my light

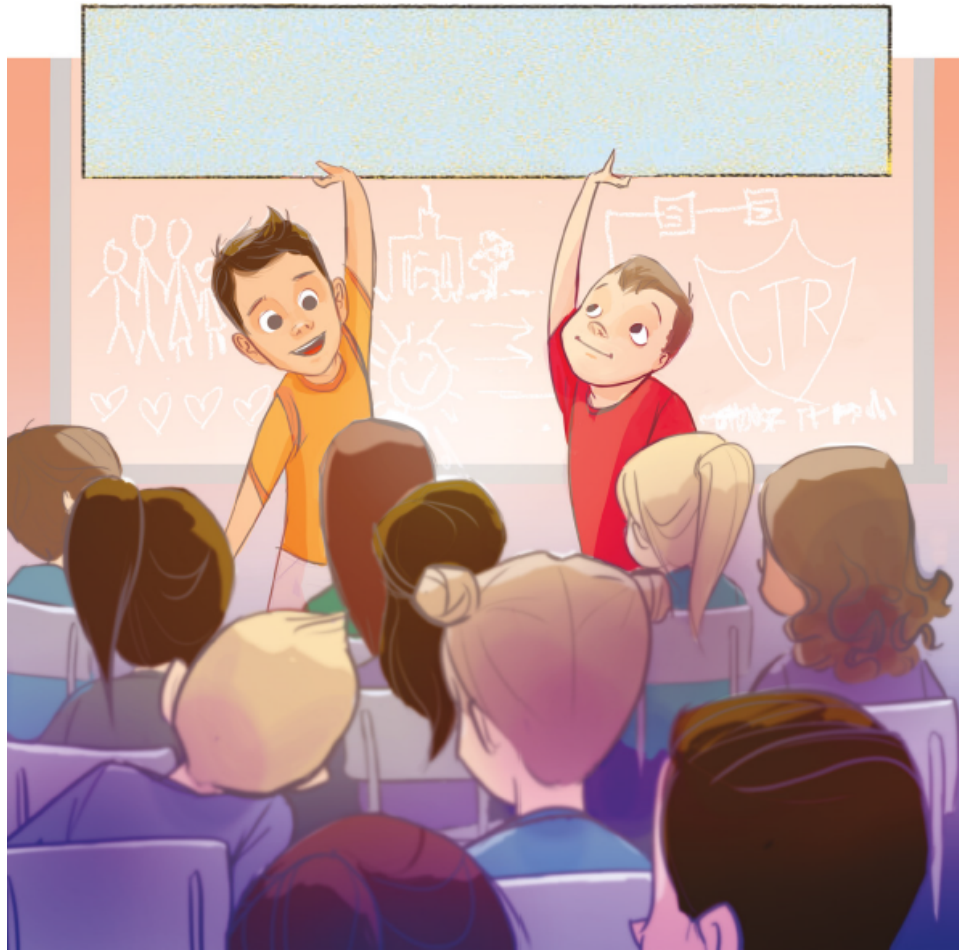

Serving with my might

I'll feel the joy that He does

**This little light of
mine**

**Will shine, shine,
shine**

**And light the world
with love**
