I may not be asked

**To build a great big
ship**

Or sail my fam'ly

**'cross the ocean
blue**

But if I had the faith

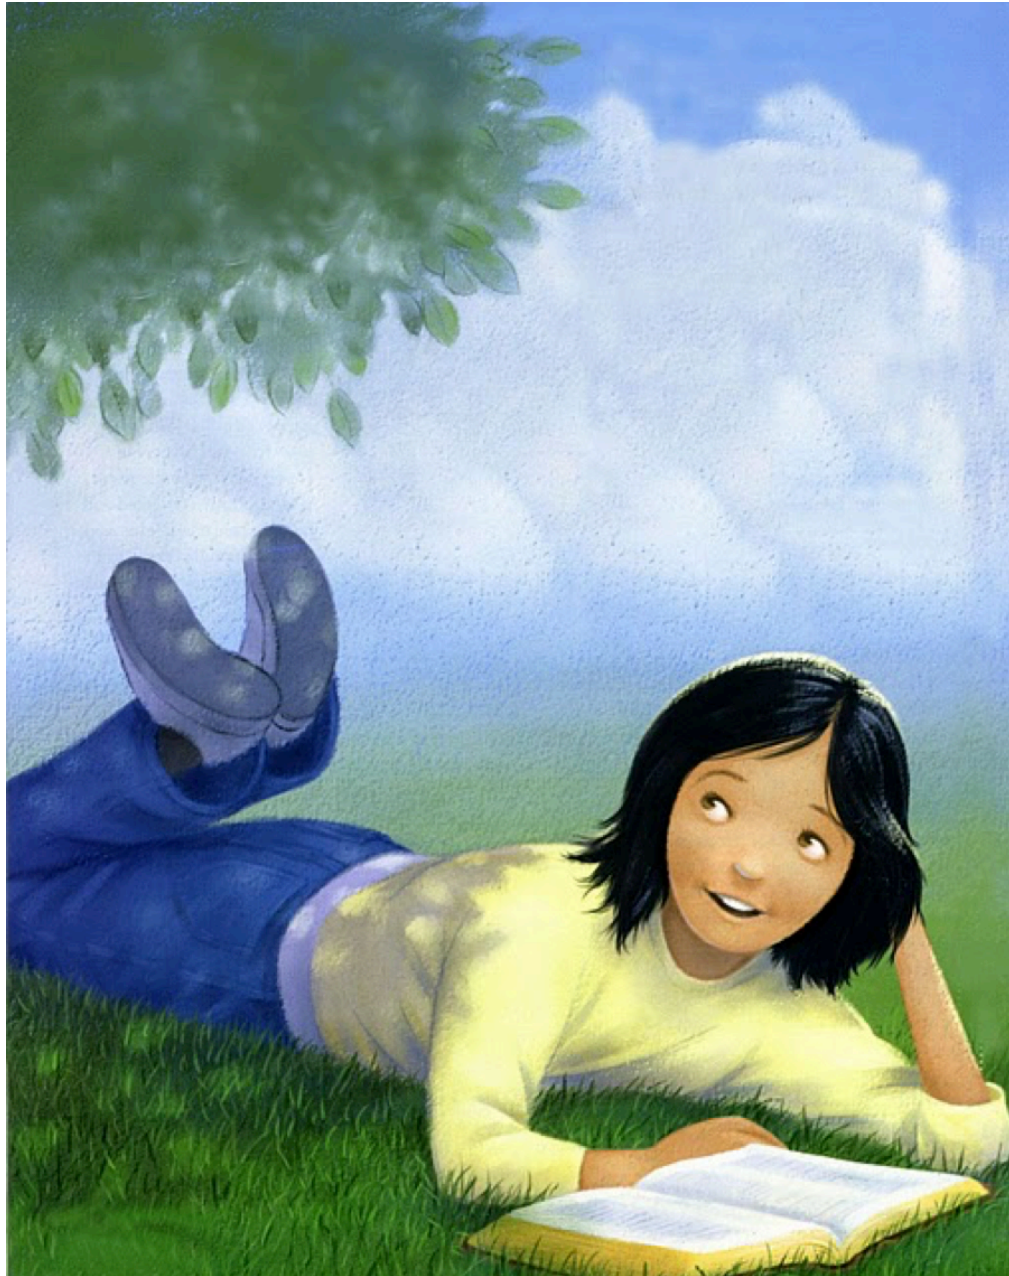

**And courage Nephi
did**

**Imagine all the
great things**

I could go and do

The Lord has

A special message for me

In every scripture story I read

And I can become

who I'm striving to be

When I liken the scriptures to me

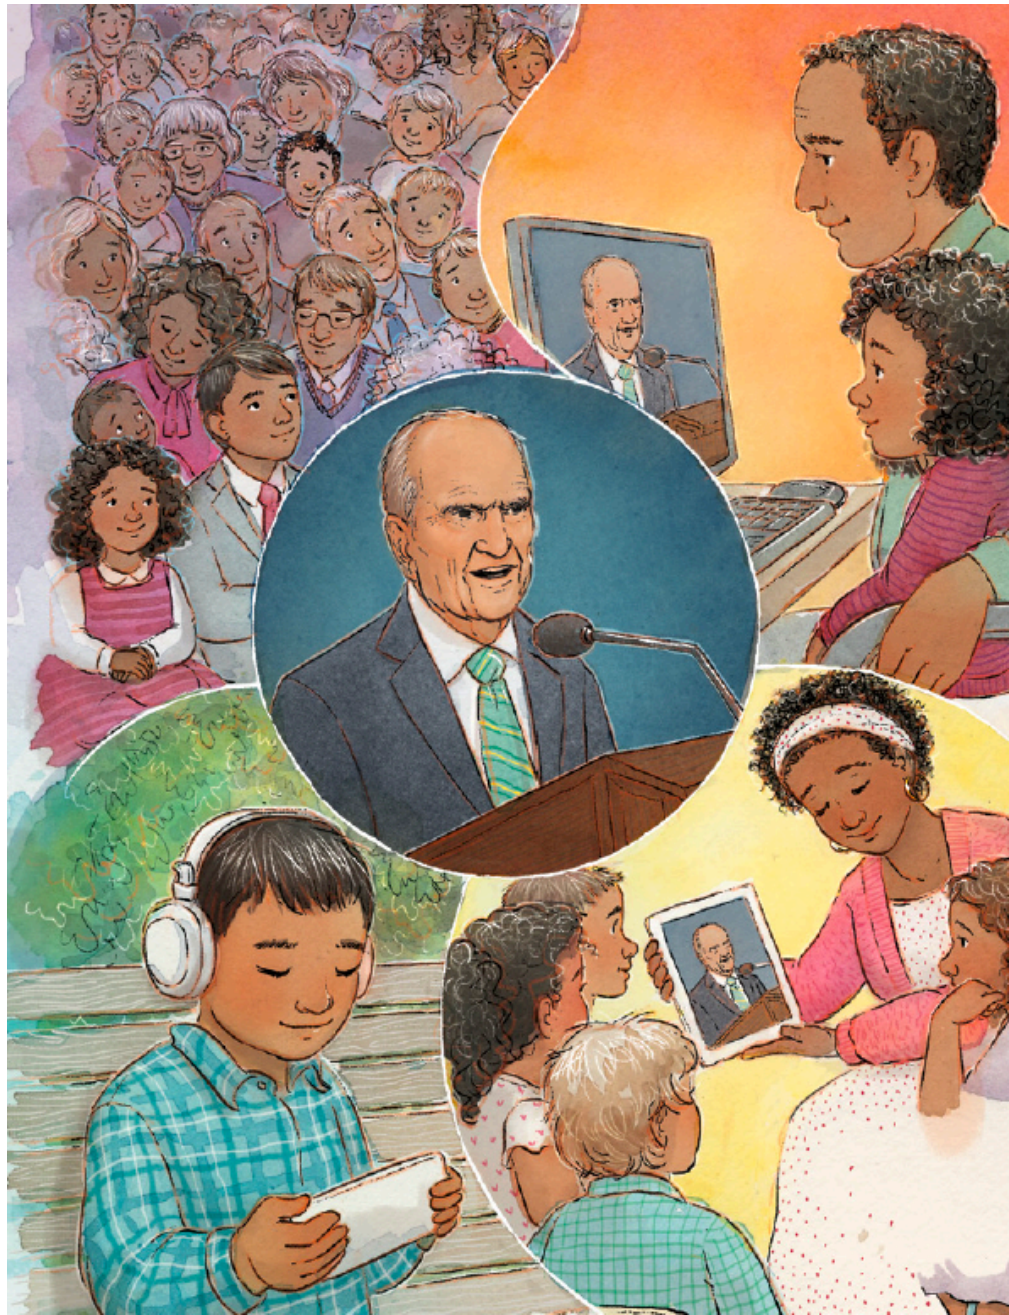

**I may not raise a
tent**

**To hear the prophet
speak**

But I can listen

When he speaks today

**And I don't have a
sword**

**To bury ten feet
deep**

But I can cast

My selfishness away

**Like Enos I will
fiervently pray**

Like the stripling warriors

I will obey

**Like Abish I will
share**

What I know

And like Ammon

**I'll go where I'm
called to go**

When I liken the scriptures to me
