

My Own Little Lamp

by

**Lynne Perry
Christofferson**

**I need to have my
own testimony**

**To be sure that the
gospel is true**

**It's a blessing to
have parents**

**Who are certain of
the truth**

But I need to know it too

I must ask the Lord

I must make a choice

**To listen for
His gentle voice**

**And then I will
know**

That these things are right

**And my own little
lamp**

**Will be filled with
light**

**I need to have my
own testimony**

**To be able to stand
for the right**

**I know there may
come a time**

**When I will have to
walk alone**

And I can't live on borrowed light

I must ask the Lord

I must make a choice

To listen for His gentle voice

**And then I will
know**

**That these things
are right**

**And my own little
lamp**

**Will be filled with
light**

**And my own little
lamp**

**Will be filled with
light**
