**When staring at the  
starry sky**

**That winks and blinks  
within the night**

**I wonder if I see the  
light**

**That marked the  
Savior's birth**

**That light once led  
the wisest men**

**To find the Babe of  
Bethlehem**

**Does it still shine as  
it did then**

**An emblem to the  
earth?**

**Alleluia! Alleluia!  
Alleluia!**

**Shine for all the  
world!**

**The Baby born so  
long ago**

**Who dreamed beneath  
that brilliant glow**

**Was sent to earth so  
all could know**

**The source of love  
and hope**

**Yes, Jesus is the  
guiding light**

**The star that leads  
through darkest night**

**He shines for us, so  
pure and bright,**

**To bring us safely  
home**

**Alleluia! Alleluia!  
Alleluia!**

**Shine for all the  
world!**

**I'll shine His light,**

**His light that shines  
in me**

# **(It shines in me)**

**I'll shine so bright,**

**so all the world can  
see**

**(I'll shine so all can  
see)**

**I'll shine His light,**

**His light that shines  
in me**

**(I'll shine His light;  
it shines in me)**

**I'll shine so bright,**

**so all the world can  
see Him**

**(I'll shine so all can  
see Him)**

**Alleluia! Alleluia!  
Alleluia!**

**Shine for all!**

**Alleluia! Alleluia!  
Alleluia!**

**Shine for all the  
world!**
