

When Lehi listened to the Lord

**And his family left
their home and riches**

**His sons returned back
home again**

**So they could get the
scriptures**

**So Lehi's people knew
the Lord**

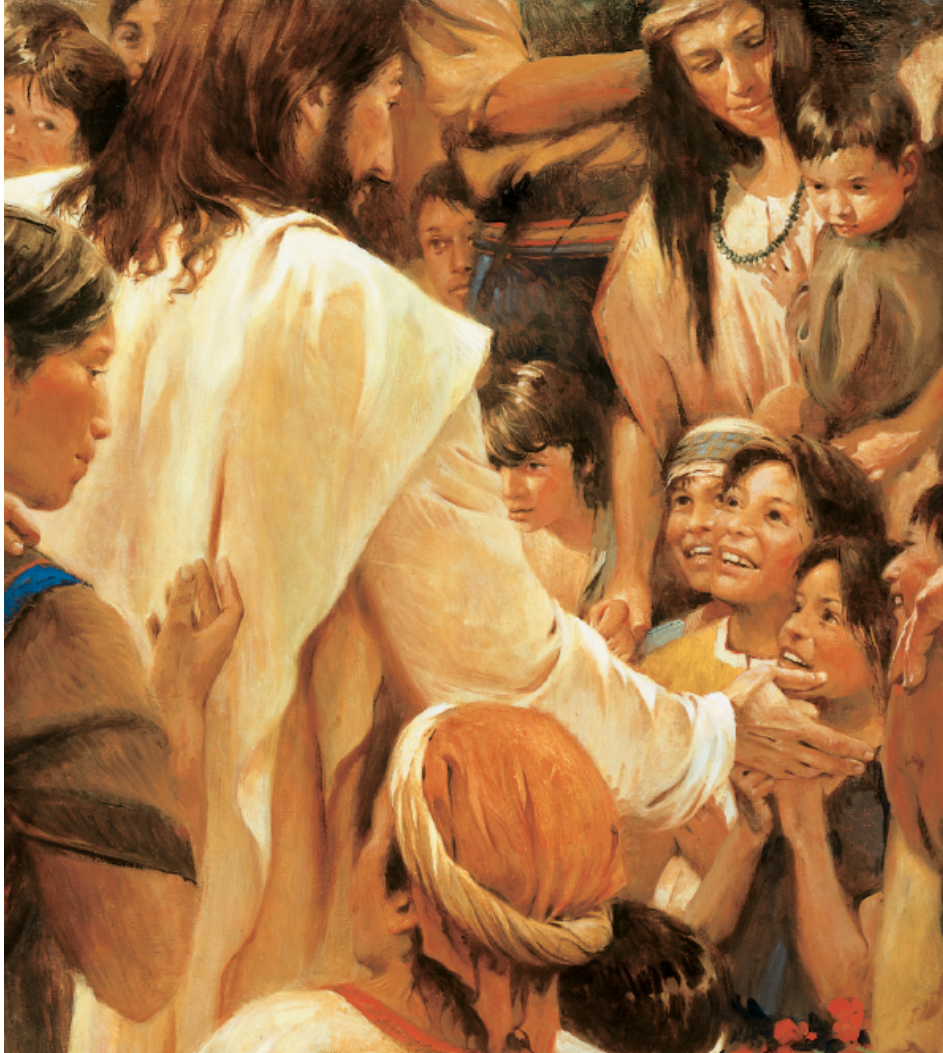

**As the plates of brass
helped them remember**

**When they obeyed the
prophet's voice**

**They prospered all
together**

The Savior visited their land

**After He had risen in
His glory**

**He blessed the children
just like me**

**I love to read their
story**

The Book of Mormon tells of Christ

**And helps me feel the
Holy Spirit**

**Heavenly Father's
voice is calling me**

**And the scriptures help
me hear it**
