

The guiding star

The holy star

Burst in the sky

The holy night

**The wise men awaited
heaven's sign**

**And were amazed at
the glorious light**

**The light will lead
you to Jesus**

**The light will fill
your heart**

**His blessed life was
giv'n for us**

**If we but do our
part**

The guiding star The Light of Christ

Burst in my heart

I'll try to live

The way Christ has shown me He would live

**And I'm amazed at
the glorious light**

**The light will lead
you to Jesus**

**If we but do our
part**
