

Their Mothers Knew

**Taught by their mothers
while in their youth**

**Armed with the light
of His truth**

**They knew the Lord
would always be near**

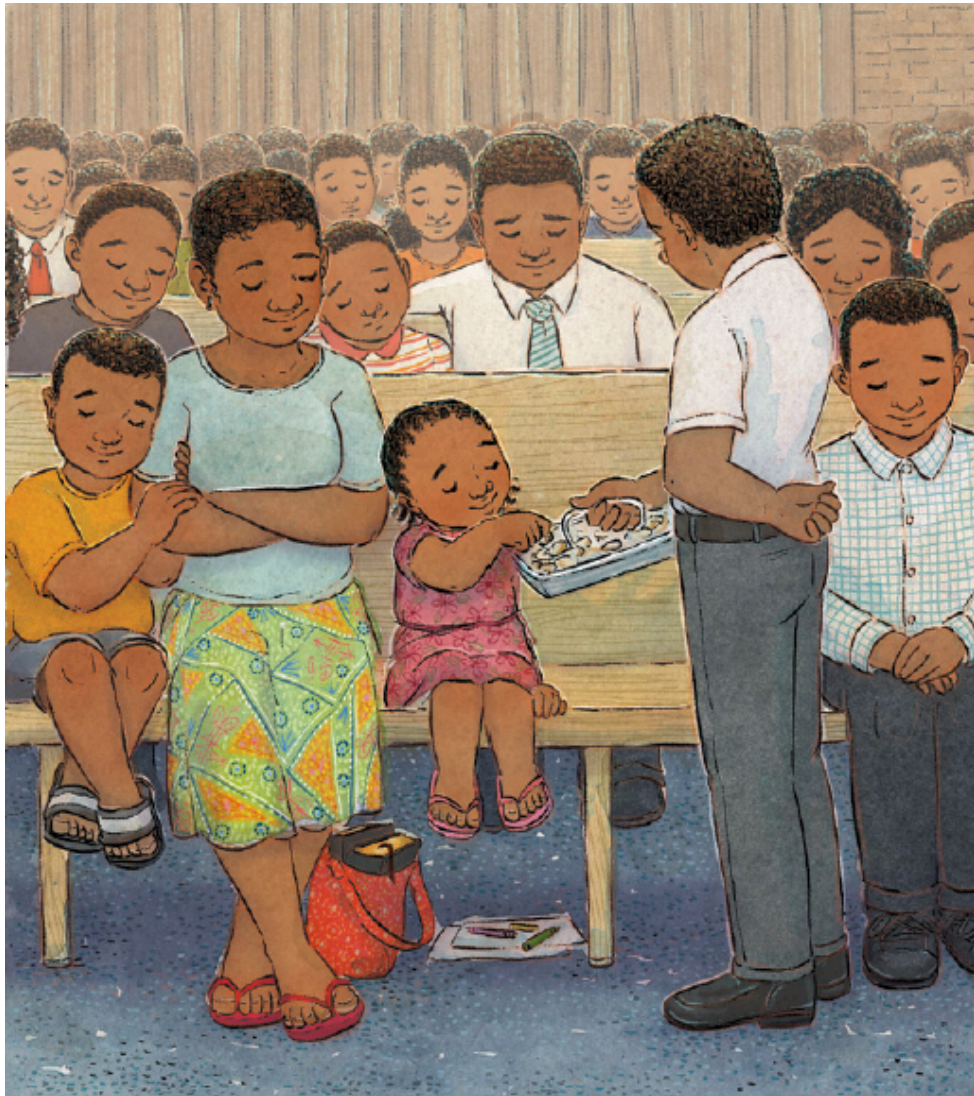

**Into battle they did
not fear**

Helaman's two thousand

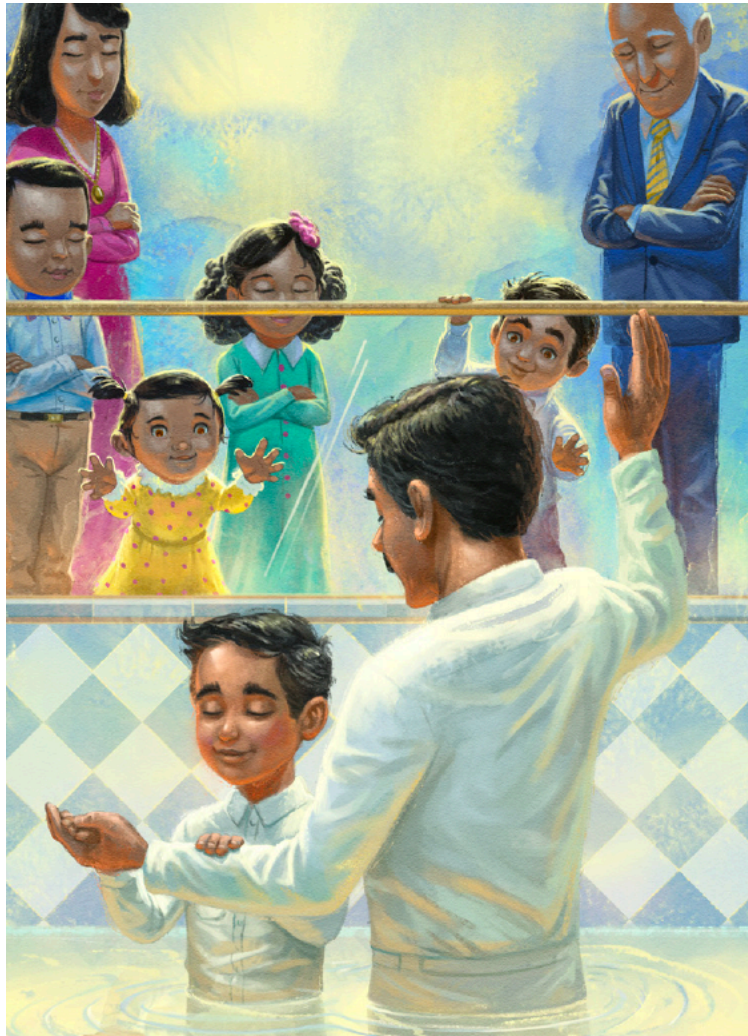

**Knew their mothers
loved the Lord**

At their mother's knees

**They learned to trust
in His word**

**With courage and
faith they stayed true**

**They did not doubt
Their mothers knew**

**Taught by our mothers
while in our youth,**

**Armed with the light
of His truth**

Preparing for the battles in store

**Like the warriors who
came before**

**They did not doubt
Their mothers knew**
