

**There is love in my
family tree**

**I love my family
they love me**

**Some were born
before me**

**Some will follow
after**

**We are joined
together happily**

**There is love in my
family tree**

**As I search in my
family tree**

**Stories of courage
inspire me**

Finding my relations

Linking generations

**That is what the
Lord expects of me**

**As a branch in my
family tree**

**There is love in my
family tree**

**Heavenly Father has
promised me**

We can be together

Feel His love forever

**Sealed together for
eternity**

**As a part of His
family tree**
