

**And God said, “Let  
there be light,”**

**And there was light**

# The sun and glittering stars

And moon shone  
bright

**With priesthood  
power**

**He made the earth  
and sea**

# And with His power

# He blesses you and me

# **Our Savior raised**

# **A young maiden from the dead**

**He spoke and  
thousands**

**Of hungry souls  
were fed**

**With priesthood  
power**

**He made the blind  
man see**

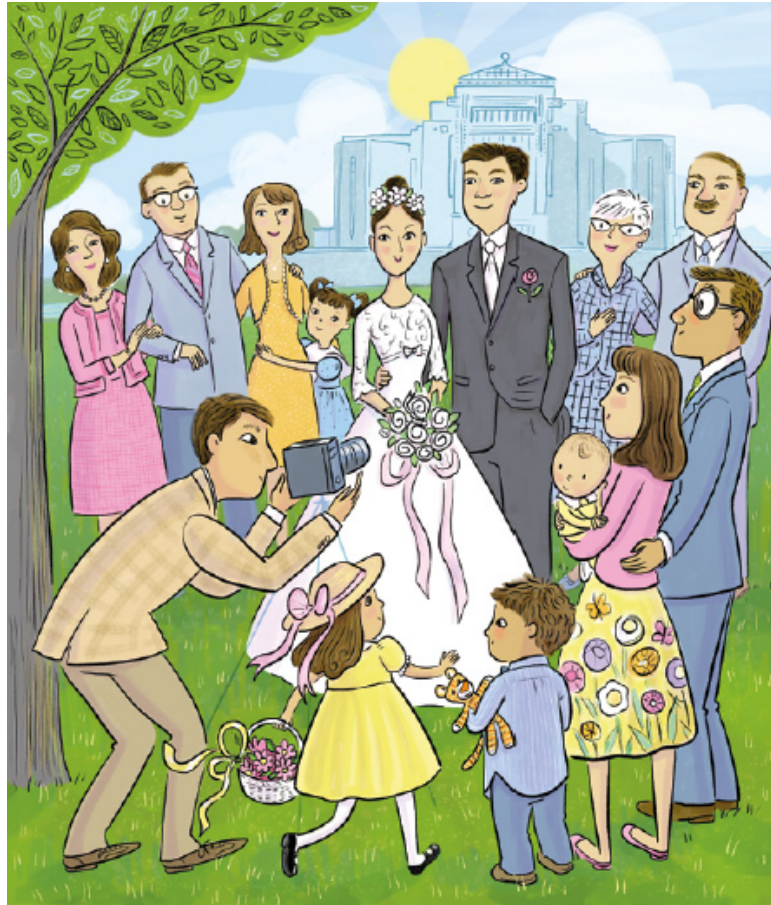

# And with His power

# He blesses you and me

# God shares His power

# With us in latter days

**To guide, to lift, and**

**To heal in wondrous  
ways**

# Each priesthood ordinance

# Helps me clearly see

# **That with His power**

# **He blesses you and me**

# **The God who created the universe**

# **And ev'ry tiny flow'r**

**Delights to bless me  
lovingly**

**Through sacred  
priesthood pow'r**
